Mr. Justine Jhay Lopez
Management Information Systems Office (MISO)
Municipality of Sta. Cruz, Laguna

SUBJECT: Request for System Testing using Black Box Testing in the functionality and usability of our system.

Dear Mr. Lopez,

We are students from Laguna State Polytechnic University - Santa Cruz Main Campus, currently completing our capstone project as part of our academic requirements. We are writing to formally request your assistance in testing the functionality and usability of our system.

Our project is entitled **“KABATAPRO: An Intelligent Youth Well-Being Assistant and Centralized Records System for the Local Youth Development Office, Santa Cruz, Laguna.”** a web-based designed to support the Local Youth Development Office (LYDO) of Santa Cruz, Laguna through centralized youth records management, monitoring of youth organizations, merit-demerit tracking, scholarship application management, youth activity coordination, and intelligent youth well-being assistance.

We believe that your professional insights and technical experience will greatly help us refine the system to ensure that it is efficient, secure, and user-friendly. Your participation as a system tester will be highly valuable in strengthening the technical impact and operational effectiveness of our project.

All personal information and evaluation data collected during this testing process will be handled with strict confidentiality and used solely for academic purposes, in compliance with the Data Privacy Act of 2012.

Thank you for taking the time to consider our request. We truly appreciate your support, and we look forward to the opportunity to collaborate with you.

Sincerely,

Mendoza, Cris-Ann F.
